As a Ghost of Whole Earth Past privileged to haunt around the corridors of Whole Earth Present, I am wowed daily by the quality, quantity, and originality of work that pours out of these picturesquely humble offices. We get a lot of visits from corporate heavyweights these days; it's a peculiar pleasure to watch them openly envying our work situation.

—Stewart Brand, 1989

OK but it better be proof red ≠ see what I mean

In 'Present'
